Graduated in Physics with a Master's Degree in Logic, Computing, and Artificial Intelligence. Passionate about research, development, and innovation in Artificial Intelligence, as well as data science in general. To complement my education, I completed an internship as a programmer in a banking company.

EDUCATION

Bachelor's Degree in Physics

University of Seville – Seville, Spain | September 2017 – June 2023

– Analytical skills for problem-solving

– Strong background in mathematics and statistics

– Experience in modeling and simulation

– Data understanding and processing

Master's Degree in Logic, Computation and Artificial Intelligence

University of Seville – Seville, Spain | October 2023 – July 2024

– Knowledge of AI systems and architectures

– Model implementation

– Data science

– Understanding of state-of-the-art in AI

EXPERIENCE

Scientia Systems SL – Internship as a programmer | January 2023 – March 2023

– Optimization of trading strategies

– Programming in MQL4 and Python

– Code standardization through pseudocode and flowcharts

SKILLS

Languages: Inglés (B2): First Certificate in English (Cambridge) | ID: B9664427, Spain (Native)

Programming Languages: Matlab (advanced), Python (advanced), C++(basic), ProLog, NetLogo.

Databases SQL y NoSQL

Python Libraries: Pandas, NumPy, Scikit-learn, PyTorch, TensorFlow, Keras, nltk, Seaborn, Matplotlib, etc.

Areas of IA: Machine Learning, Deep Learning, Federated Learning, Natural Language Processing (NLP), Computer Vision (CV), wide variety of models (Linear models, regression models, ensemble-based models, neural networks, etc.).

Courses: Google Crash Course on Python | ID: CAESQL5NJZQL
